

CONCURRENT SESSION PRESENTER'S GUIDE

Terms and Conditions:

Registration

- All presenters must register and pay the applicable [conference fee](#). For each approved concurrent session, up to 2 presenters will be granted a \$50 discount off the conference registration fee. The discount code was sent to the contact person on June 20.

Submitting your slides

- Presentation slides must be submitted two weeks before the conference, October 11, 2017. You will receive a follow-up e-mail reminding you of this deadline and to confirm the number of participants registered for your presentation.

Declaration of Conflict of Interest

- We are currently seeking accreditation for continuing professional education for physicians, and Canadian health executives. Your presentation qualifies as learning time in our application. As a result, all presenters must declare any potential conflicts of interest during their presentation and to conference organizers in order to fulfil the College of Family Physicians of Canada and the Ontario Chapter's requirements. To meet these requirements please include the following:
 - [The Declaration of Conflict of Interest template for slide presentations](#)
 - [The CFPC MAINPRO® Declaration of Conflict of Interest Form](#)
 - For assistance with this, you can consult the "[Quick Tips](#)" [document here](#)
 - If you'd like to know more about what type of conflicts have to be declared, you can refer to the links below:
 - [CMA Guidelines for Physicians in Interactions with Industry](#)
 - [RxD Code of Ethical Guidelines](#)
- If you know another accreditation body/professional association we should approach, please contact conference@afh.to

AV Requirements

- Please confirm with us if there is a multimedia component to your presentation (sound, video, demonstration of a program or software, etc.).

Schedule

- The full concurrent session schedule is located on the page following your presenter checklist.

Responsibilities of the Contact Person:

It is the responsibility of the contact person to:

- Provide the discount code to eligible presenters before they register for the conference
- Ensure that all presenters fill out and submit the conflict of interest form
- Provide up-to-date relevant information about the presentation in a timely manner e.g. if there are any special requests or if there is any change in presenters
- Ensure all presenters have the latest information about the conference as provided by AFHTO, including date and time of the presentation

CHECKLIST FOR PRESENTERS:

By August 31:

- Sign the conflict of interest form and email to conference@afhto.ca (*due to changes in Mainpro+ accreditation, all COI forms **must** be submitted before accreditation can be granted*)

By October 2

- Register for the conference

By October 11:

- Confirm multimedia component to the presentation if needed
- Send presentation slides (including conflict-of-interest slides) to conference@afhto.ca
