

CONCURRENT SESSION PRESENTER'S GUIDE

Terms and Conditions:

Registration

- All presenters must register and pay the applicable [conference fee](#). For each approved concurrent session, up to 2 presenters will be granted a \$50 discount off the conference registration fee. The discount code was sent to the contact person on June 20.

Submitting your slides

- Presentation slides must be submitted two weeks before the conference, September 30, 2016. You will receive a follow-up e-mail reminding you of this deadline and to confirm the number of participants registered for your presentation.

Declaration of Conflict of Interest

- We are currently seeking accreditation from the College of Family Physicians of Canada and the Ontario Chapter. Your presentation qualifies as learning time under this accreditation. As a result, all presenters must declare any potential conflicts of interest during their presentation and to conference organizers in order to fulfil CFPC's requirements. To meet these requirements please include the following:
 - [The Declaration of Conflict of Interest template for slide presentations](#)
 - [The CFPC MAINPRO® Declaration of Conflict of Interest Form](#)
 - For assistance with this, you can consult the "[Quick Tips](#)" [document here](#).
 - If you'd like to know more about what type of conflicts have to be declared, you can refer to the links below:
 - [CMA Guidelines for Physicians in Interactions with Industry](#)
 - [RxD Code of Ethical Guidelines](#)

AV Requirements

- Please confirm with us if there is a multimedia component to your presentation (sound, video, demonstration of a program or software, etc.).

Schedule

- The full concurrent session schedule is located on the page following your presenter checklist.

Responsibilities of the Contact Person:

It is the responsibility of the contact person to:

- Provide the discount code to eligible presenters before they register for the conference
- Ensure that all presenters fill out and submit the conflict of interest form
- Provide up-to-date relevant information about the presentation in a timely manner e.g. if there are any special requests or if there is any change in presenters
- Ensure all presenters have the latest information about the conference as provided by AFHTO, including date and time of the presentation

Webinar

A webinar, "[What do attendees want to hear?](#)", will be hosted on September 8 and 14, 2016

- This webinar will contain useful tips and lessons on presentations from past conference evaluations. The webinar will take place twice, [register today to save the date](#).
