Expert faculty will help you develop
or refine your knowledge and skills in:

- * Assessment
- * Care Co-ordination
- * Nursing Interventions
- * Mental Health
- * Context and Culture

Primary Care Nurse Institute 2013

Our Mission:

Using the groundbreaking report, *Primary Solutions for Primary Care*, as a guide, RNAO is set to deliver a first-of-its-kind Institute; The Primary Care Institute. This offering is specific to Primary Care Registered Nurses (RNs), however, future Institutes will include components for Registered Practical Nurses.

The program features expert clinical faculty and prominent figures in primary care who will use a unique combination of small and large group lectures, seminars, discussions, debriefing sessions, application exercises and follow-up webcasts to enhance primary care nursing knowledge and skills to maximize client health outcomes.

Opening keynote Panel: Primary Care in Ontario - Where Are We and Where Are We Headed?

- * Adrianna Tetley, Executive Director - Association of Ontario Health Centres
- * Doris Grinspun, Chief Executive Officer - Registered Nurses' Association of Ontario
- * Susan Fitzpatrick, Assistant Deputy Minister - Ministry of Health and Long-Term Care

This five-day event will equip primary care nurses with the tools, resources and supports required to care for highly complex health and social needs of Ontarians within Primary Care. It will also provide a platform for application (through realistic clinical simulation), discussion and collaboration.

By the end of the Institute participants will be able to identify and communicate the unique contributions and potential they bring to primary care when applying their full scope of practice.

July 7th - 12th, 2013, Courtyard Marriott
Hotel Downtown Toronto
