

# Trillium

## Primary Health Care Research Day

### Distinguished Lecture

**CIHR Investments to Date: What we know, what we have learned**  
**Dr. Rick Glazier**

In his new role as Scientific Director of the CIHR Institute of Health Services and Policy Research, Rick will be setting the stage for where the Institute is coming from, where they are going. The session will conclude with a lengthy audience participation session engaging all in how to best move forward.

### Martin Bass Lecture

**Indigenous Data and Research**  
**Dr. Jennifer Walker**

Jennifer holds a Canada Research Chair in Indigenous Health at Laurentian University and is a Core Scientist and Indigenous Lead at ICES. Jennifer is a health services researcher and a member of the Six Nations of the Grand River. She holds appointments at the Maamwizing Indigenous Research Institute, the Centre for Rural and Northern Health Research and the Dalla Lana School of Public Health. Her talk will focus on the use of Indigenous health and health services data.

### Workshops, Posters and Oral Presentations

- Workshops will be offered on: Pragmatic Trials & Sex and Gender Analysis
- Interested in presenting your research? Submit your abstract today:  
[trillium-abstracts@inspire-phc.org](mailto:trillium-abstracts@inspire-phc.org)

Participants eligible for up to 6 Mainpro+ credits
