Couchiching Family Health Team Takes Visible Steps Towards Inclusivity and Accountability

Over the last year, the Couchiching Family Health Team (CFHT) has been taking purposeful steps towards making our values more visible to patients and the community. One of our goals in our Strategic Plan has been to increase awareness of our programs and services, not just within the CFHT, but within our sub-region as a whole. Flowing from that is our goal to ensure that our space is welcoming and inclusive to all, regardless of race, religion, gender, and sexual orientation. To ensure that all are aware of the services available to them, and that when they come in the door, they feel welcome, the CFHT has used creativity and innovation to realize this goal.
