- The Government of Canada announced that a third person from the Grand Princess cruise ship who is currently in quarantine at CFB Trenton has tested positive for COVID-19.

Actions Taken:

- An initial COVID-19 Self Assessment Tool has been posted to the [Ontario Government](#) site. Individuals who suspect they have COVID-19 can consult this tool to determine whether and how to seek further care. An automated click-through version of the tool is under development.
- The ministry received a number of questions regarding the updated case definition as well as the recent announcements regarding travel:
 - The latest [case definition](#) shared yesterday clarifies that testing should continue to be conducted for individuals who are symptomatic and have travelled or have had close contact with someone who has travelled or a confirmed case. Asymptomatic individuals should not be tested. The ministry will continue to monitor and consider modifications to the testing criteria.
 - A number of travel-related announcements have been made over the past

48 hours. As this continues to be a rapidly-evolving area, the ministry will have further discussions with other jurisdictions and attempt to clarify recommendations as well as other questions (e.g. health care workers).

- The current guidance from the Chief Medical Officer of Health generally requests returning travellers to self-monitor for 14 days. There are exceptions for children as well as for travellers to specific areas of concern (e.g. Hubei) who are being requested to self-isolate.

 - Canada - 158 cases; 1 death
- 20 new cases were reported today in Ontario, bringing the cumulative total to 79 (this includes 5 resolved cases).
- In Ontario, there are 580 persons under investigation with lab results pending.
- The Government of Canada announced that a second person from the Grand Princess cruise ship who is currently in quarantine at CFB Trenton has tested positive for COVID-19.

Actions Taken:

- The Government of Canada has warned against all international travel. All travellers arriving in Canada from international points are being asked to self-isolate for 14 days as a precaution.
 - **The ministry revised the COVID-19 case definition to clarify who should be tested. We are asking all providers not to test asymptomatic individuals.**
- The Chief Medical Officer of Health issued a memo (attached) discussing Enhanced Public Health measures for COVID-19. Highlights from this memo include:
 - Advising the people of Ontario to avoid all non-essential travel outside of Canada. If you decide to travel outside of Canada with children, they will be required to self-isolate for a period of 14 days upon return.
 - Similar to recent guidance for long-term care and retirement homes, all licensed child care centres are asked to actively screen children, parents, staff and visitors for any symptoms and travel history that may be related to COVID-19 based on the ministry's case definition.
 - Recommending the immediate suspension of all large events and public gatherings of over 250 people. Organizers who have questions about smaller gatherings are encouraged to contact their local public health unit.
- The Chief Medical Officer of Health also issued a memo to Long-Term Care Homes, Retirement Homes, Supportive Housing, Hospices and other congregate care settings on **allowing only essential visitors.**
