

# Send referrals online right from your EMR

Ocean  
eReferral  
Network

Replace faxed paper forms and save time with Ocean eReferrals:

## Speed up your referrals

With integrated referral forms that pre-populate patient information from the chart.

## See real-time referral status updates

In the patient chart.

## Reduce errors & rejected referrals

With smart referral forms that ensure all required information is included.

## Keep patients updated & reduce phone calls

With automatic, emailed patient alerts at every step of the referral, from sending to booking.

# **BounceBack**®

reclaim your health

## **Did you know BounceBack eReferrals are now available on Ocean?**

BounceBack is an evidence-based, skill-building program grounded in cognitive behavioural therapy (CBT) that helps adults and youth 15+ learn skills to better manage low mood, mild to moderate depression and anxiety, stress or worry.
