

ASSOCIATION OF FAMILY HEALTH TEAMS OF ONTARIO

# BRIGHT LIGHTS AWARDS

## Nomination

### Integrated care and community responses

Thamesview Family Health Team

CKOHT, PRIMARY CARE, & COVID-19 - WORKING TOGETHER

Strong relationships were leveraged from the established CKOHT. The CKOHT Primary Care Partners developed Working Groups providing both a universal and targeted approach in response to COVID-19. The CKOHT Primary Care Teams encompass the Thamesview Family Health Team, Tilbury District Family Health Team, Chatham-Kent Family Health Team, and Chatham-Kent Community Health Centers and have a strong working relationship. Together, they have been able to decrease duplication of work, streamline important policies/processes and unify important communication to patients and the broader community of Chatham-Kent.
