## COVID 19

To meet your medical needs during a pandemic we encourage you to telephone a health care provider before going to a doctor's office or hospital.

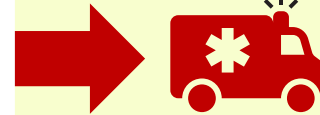

If you are feeling unwell and require medical assistance or advice, please first contact your family physician or primary health care provider for telephone assessment,

**OR**

If you do not have a family physician or are unable to reach your regular primary health care provider,

**Call RC VTAC 1-844-727-6404**

RC VTAC will determine what level of care you need.

### Life-threatening emergency?

If you think that you are having or someone else is having;

- a stroke or a heart attack
- heavy bleeding
- unconsciousness
- severe breathing difficulties

**Call 911 or go to the Emergency Department**

**Instructions on how to best care for yourself if you have mild to moderate illness**

**Home or clinic visit if essential to further assess and/or administer treatment**

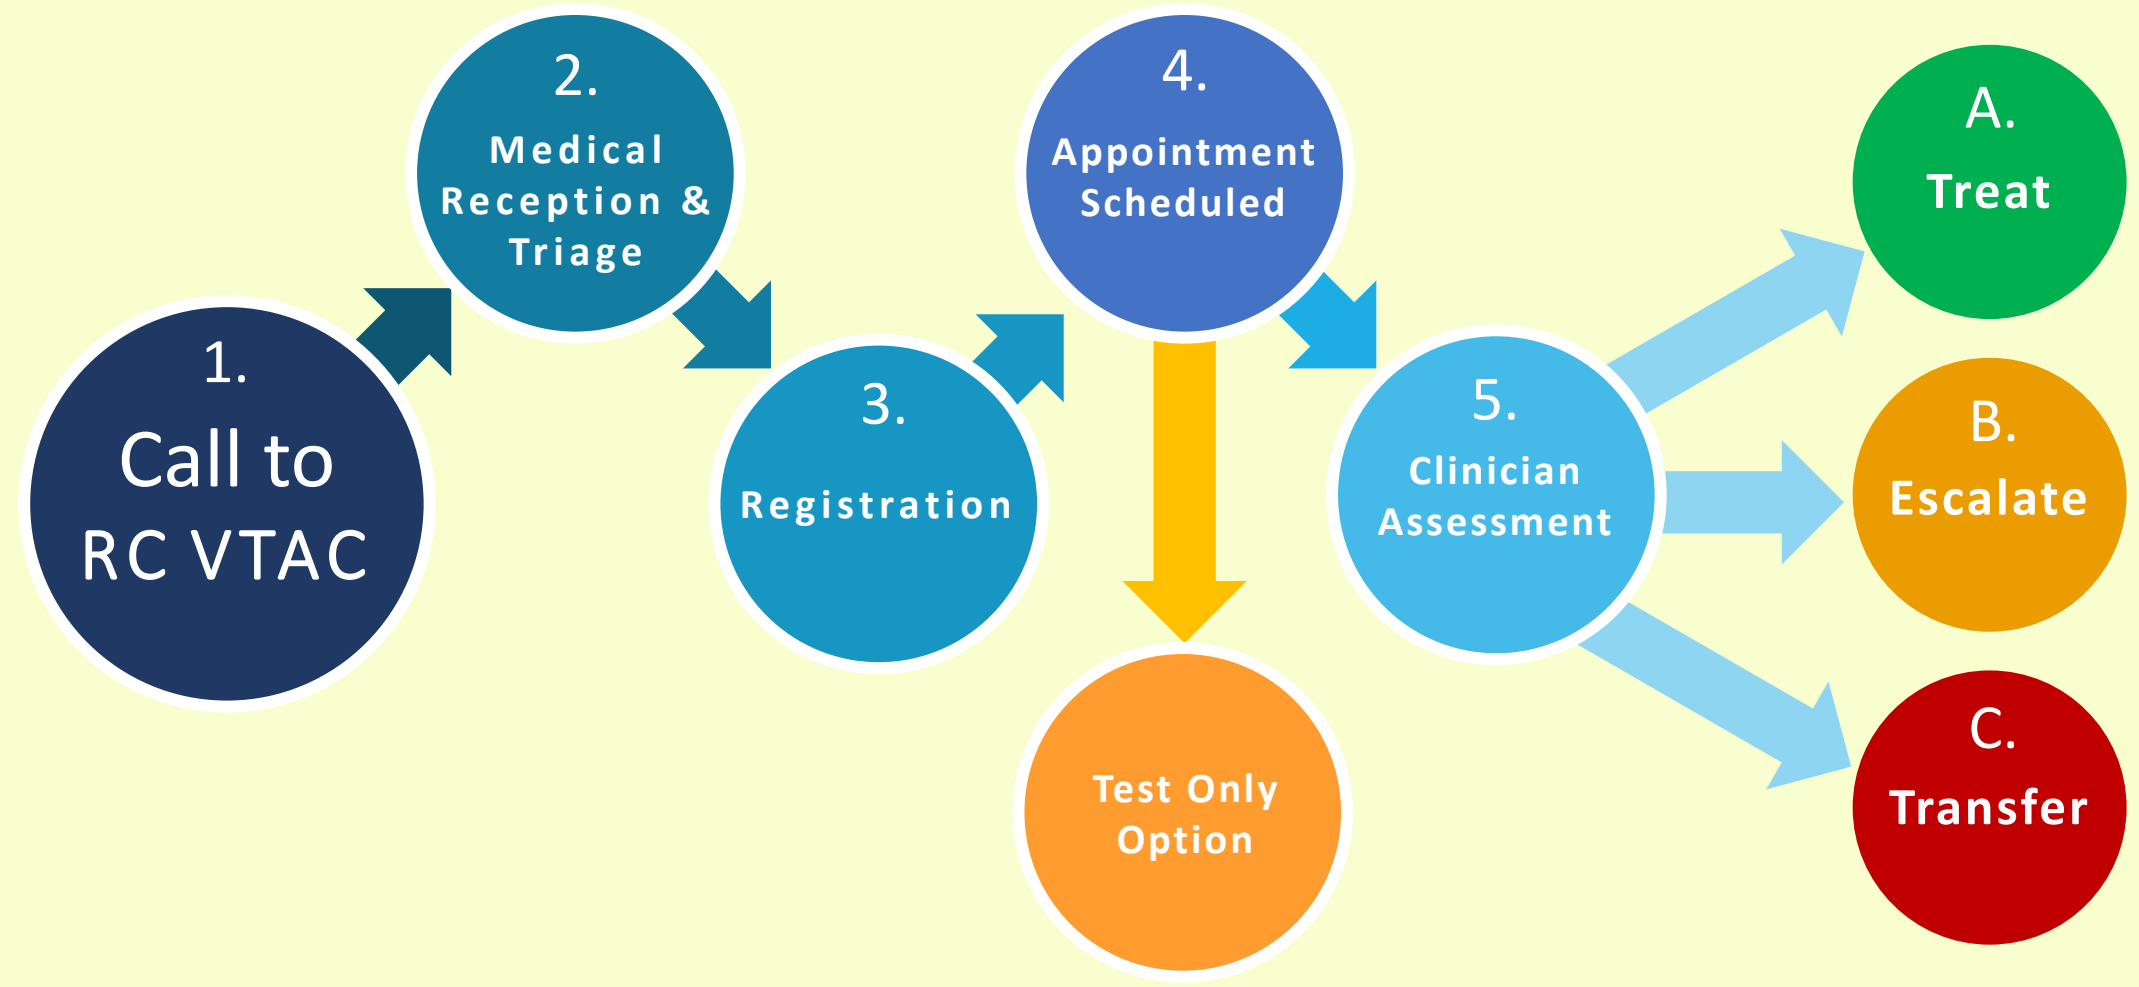

**Directed to Emergency Department or 911 Paramedic**
