Thank you for your interest in submitting an abstract for a concurrent session or poster to present at the AFHTO 2023 Conference taking place in-person and online on October 25.

- **PDF only** (available just on the online poster gallery)

Before submitting an abstract, your team should:

1. **Designate a contact person.** This person will receive the registration discount code and most of the communications from AFHTO relevant to preparing for the conference.
2. **Identify WHY someone would want to attend your presentation.** Attendees will be picking 1 out of 4-5 concurrent sessions and visiting a handful of 50-70 poster presentations. You need to tell them why they should pick yours over the rest and make it an easy choice.
3. **Identify 1-3 "pearls" of information to summarize your presentation.** Reviewers and attendees want to know what key pieces of information they will take home that are practical and actionable for their teams.

1. Review the [submission form template](#) before filling out the Survey Monkey form.
2. Submit the abstract online for a poster or concurrent session **by May 24, 2023**.
3. Conference working groups will review all submissions within a theme, score them based on the evaluation criteria listed above and then select presentations for the theme.
4. We anticipate sending approved presentations notifications **by June 22, 2023**.
5. **All concurrent session presenters** must confirm (a) the timeslot given for their presentation and (b) provide any required updates to the presentation description to be posted online **by June 29, 2023**, including title, presenter details, abstract/description and learning objectives.
6. **All poster presenters** must confirm their presentation **by June 29, 2023**.
