## Group Benefits – better buying power for AFHTO members

To help members fund a reasonable benefits program, AFHTO is a co-sponsor of [Community Health Ontario Group Insurance Plan \(CHOGIP\)](#) a group benefits plan jointly governed by the Association of Ontario Health Centres (AOHC), Addictions & Mental Health Ontario (AMHO), and now AFHTO.

The CHOGIP plan has over 110 primary care and mental health organizations as participants in the plan. With 3,500 employees covered, this is a sufficiently large pool to ensure lower cost pricing for benefits.
